

Welcome to the Sun StorageTek Solutions Portal

Introducing the launch of the new Sun StorageTek Solutions Portal.

What is it: Exclusive to the Sun's StorageTek product line, these informative portals were developed as a tool to easily access and highlight leading edge solutions & products to our customers. The main purpose of this portal is to allow customers and prospects better access to Sun StorageTek information, thus making better informed decisions and increasing one's knowledge in the capabilities of Sun's innovative solutions.

Why use it: Customers can now easily access & obtain relevant information regarding Sun storage solutions. The portal has been designed to be intuitive, allowing 1-click access to empower users and promote our solutions.

Find out everything you need to know about Sun's Solutions to Backup and Recovery, Storage Virtualization, Archive, and Encryption... [learn more](#).

Let the Sun StorageTek Solutions Portal become the gateway to uncovering the most effective solutions to your most complex IT problems.
